# STN<sup>®</sup> ANAVIST<sup>™</sup>

*You can visualize the information in your documents through the dynamic, interactive visualization workspace*

## **Interactive analysis and visualization software providing unique insights into trends and patterns in scientific and patent information**

### **Only STN AnaVist provides...**

...innovative capabilities, including intellectually based standardization of fielded data from patent and non-patent literature, coupled with an interactive approach for viewing data relationships.

### **A valuable resource for effective decision making**

STN AnaVist can help you answer complex questions as well as provide information that can be used to make faster and better decisions critical to your business.

### **With STN AnaVist, you can:**

- Analyze the patent landscape
- Track competitive intelligence
- Discover new applications for existing technology
- Determine research trends
- Support strategic business planning
